

IT ALL STARTED WITH ONE HIRE AND TURNED INTO SO MUCH MORE...

CAPGEMINI MISSION

Turn ambition into action.

40%

Woman globally.

20%

Underrepresented communities.

BY 2025.

A UNIQUE CHALLENGE

Impressed with the quality of talent Per Scholas was sending, Capgemini asked if we could create a sustainable talent pipeline just for them

They needed both emerging talent and to upskill and reskill incumbent talent.

A CUSTOM SOLUTION

Per Scholas collaborated with Capgemini to reimagine the way they find talent and where it comes from

We created and trained a team of technologists based on their specific needs and DEI goals.

We continue to expand our partnership with Capgemini. They know our talent comes ready to contribute from Day 1.

REAL LIFE RESULTS

100+

Per Scholas technologists onboarded.

61%

Joined Capgemini as full-time hire.

1,800

Per Scholas learners gained professional development assistance from Capgemini team.

“ We love the talent that Per Scholas sends us. They’re not coming from the usual places and that’s what’s so exciting. They’ve got **grit and determination** and they’re hungry to work in tech. ”

Janet Pope

Capgemini Vice President, Corporate Responsibility & Engagement

**STOP BUYING TALENT.
START BUILDING IT.**

WHAT WE DO

Per Scholas Enterprise Talent Solutions is unlocking potential for companies of all sizes by connecting them with highly-skilled technologists, ready to step-up and make an impact on day one. We furnish our partners with a sustainable, diverse tech talent pipeline, changing the face of tech, and increasing your bottom line through increased collaboration and innovation.

“ Our partnership with Capgemini is a perfect example of how we help our partners build a talent pipeline that continues to provide them with **best in class talent** year after year. ”

Damien Howard

Per Scholas Chief Enterprise Solutions Officer
